**NOTICE OF UTILITY TARIFF FILING**

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice  
that Chugach Electric Association, Inc. (Chugach) filed tariff revision  
TA408-8, requesting Commission approval of Amendment No. 3 to its  
2013 Gas Sale and Purchase Agreement with Hilcorp Alaska, LLC.

The key provisions of the proposed amendment include:

- Extends the term of the agreement from March 31, 2019 to  
March 31, 2023.
- Reduces the contract price of natural gas from \$8.03 to \$7.35  
per Mcf starting in Contract Year 5 (April 1, 2018 to March 31,  
2019), followed by 2 percent annual increases in Contract  
Years 6 through 9.
- Increases the Annual Contract Quantity in Contract Year 5  
from 3.3 Bcf to 6.9 Bcf, and provides 5.5 Bcf in Contract Years  
6 through 9.
- In Contract Years 5 through 9, allows Chugach to purchase  
additional minor volumes during the contract years as needed.

This notice may not contain all requested revisions and the  
Commission may approve a rate or classification, which varies from  
that proposed. You may obtain more information about this filing by  
contacting Lee Thibert, Senior Vice President at (907) 269-0473.

**OCCUPATIONAL LICENSING FEES CHARGED TO PROFESSIONS  
REGULATED BY THE BOARD OF PUBLIC ACCOUNTANCY:  
NOTICE OF PROPOSED REGULATIONS CHANGES  
DEPARTMENT OF COMMERCE, COMMUNITY,  
AND ECONOMIC DEVELOPMENT**

The Department of Commerce, Community, and Economic  
Development (Department) proposes to adopt regulation changes in  
Title 12, Chapter 02 of the Alaska Administrative Code, dealing with  
occupational licensing fees for professions regulated by the Board of  
Public Accountancy, including the following:

**12 AAC 02.340, Board of Public Accountancy,** is proposed  
to be changed to alter the application, license, renewal  
registration, permit, examination, and reexamination fees for  
accountants, partnerships, corporations, limited liability  
companies, and other legal entities.

Under AS 08.01.065, the Department must establish fee levels so that  
the total amount of fees collected for an occupation approximately  
equals the actual regulatory costs for the occupation. The Department  
has reviewed the income and expenses for the occupational licensing  
program for the Board of Public Accountancy and proposes fee  
changes that reflect, to the extent possible, the actual costs of the  
activities related to the program.

You may comment on the proposed regulation changes, including the  
potential costs to private persons of complying with the proposed  
changes, by submitting written comments to Jun Maiquis, Regulations  
Specialist, Division of Corporations, Business and Professional  
Licensing, P.O. Box 110806 Juneau, AK 99811-0806. Additionally, the  
Department will accept comments by facsimile at (907) 465-2974 and  
by electronic mail at [jun.maiquis@alaska.gov](mailto:jun.maiquis@alaska.gov). Comments may also be  
submitted through the Alaska Online Public Notice System, by  
accessing this notice on the system at <http://notice.alaska.gov/177689/>,  
and using the "comment" link. **The comments must be received no  
later than 4:30 p.m. on August 31, 2015.**

You may submit written questions relevant to the proposed action to  
Jun Maiquis, Regulations Specialist, Division of Corporations, Business  
and Professional Licensing, P.O. Box 110806 Juneau, AK 99811-0806 or  
by e-mail at [jun.maiquis@alaska.gov](mailto:jun.maiquis@alaska.gov). **The questions must be  
received at least 10 days before the end of the public comment  
period.** The Department will aggregate its response to substantially  
similar questions and make the questions and response available on  
the Department's website at  
[https://www.commerce.alaska.gov/web/cbpl/ProfessionalLicensing/Bo  
ardofPublicAccountancy.aspx](https://www.commerce.alaska.gov/web/cbpl/ProfessionalLicensing/BoardofPublicAccountancy.aspx) or on the Alaska Online Public Notice  
System. The Department may, but is not required to, answer written  
questions received after the 10-day cut-off date and before the end of  
the comment period.

If you are a person with a disability who needs a special  
accommodation in order to participate in this process, please contact  
Jun Maiquis at (907) 465-2537 no later than August 24, 2015 to ensure  
that any necessary accommodations can be provided.

For a copy of the proposed regulation changes, contact Jun Maiquis at

**OCCUPATIONAL LICENSING FEES CHARGED TO PROFESSIONS  
REGULATED BY THE BOARD OF PUBLIC ACCOUNTANCY:  
NOTICE OF PROPOSED REGULATIONS CHANGES  
DEPARTMENT OF COMMERCE, COMMUNITY,  
AND ECONOMIC DEVELOPMENT**

The Department of Commerce, Community, and Economic  
Development (Department) proposes to adopt regulation changes in  
Title 12, Chapter 02 of the Alaska Administrative Code, dealing with  
occupational licensing fees for professions regulated by the Board of  
Public Accountancy, including the following:

**12 AAC 02.340, Board of Public Accountancy,** is proposed  
to be changed to alter the application, license, renewal  
registration, permit, examination, and reexamination fees for  
accountants, partnerships, corporations, limited liability  
companies, and other legal entities.

Under AS 08.01.065, the Department must establish fee levels so that  
the total amount of fees collected for an occupation approximately  
equals the actual regulatory costs for the occupation. The Department  
has reviewed the income and expenses for the occupational licensing  
program for the Board of Public Accountancy and proposes fee  
changes that reflect, to the extent possible, the actual costs of the  
activities related to the program.

You may comment on the proposed regulation changes, including the  
potential costs to private persons of complying with the proposed  
changes, by submitting written comments to Jun Maiquis, Regulations  
Specialist, Division of Corporations, Business and Professional  
Licensing, P.O. Box 110806 Juneau, AK 99811-0806. Additionally, the  
Department will accept comments by facsimile at (907) 465-2974 and  
by electronic mail at [jun.maiquis@alaska.gov](mailto:jun.maiquis@alaska.gov). Comments may also be  
submitted through the Alaska Online Public Notice System, by  
accessing this notice on the system at <http://notice.alaska.gov/177689/>,  
and using the "comment" link. **The comments must be received no  
later than 4:30 p.m. on August 31, 2015.**

You may submit written questions relevant to the proposed action to

by e-mail at [jun.maiquis@alaska.gov](mailto:jun.maiquis@alaska.gov). **The questions must be  
received at least 10 days before the end of the public comment  
period.** The Department will aggregate its response to substantially  
similar questions and make the questions and response available on  
the Department's website at  
[https://www.commerce.alaska.gov/web/cbpl/ProfessionalLicensing/Bo  
ardofPublicAccountancy.aspx](https://www.commerce.alaska.gov/web/cbpl/ProfessionalLicensing/BoardofPublicAccountancy.aspx) or on the Alaska Online Public Notice  
System. The Department may, but is not required to, answer written  
questions received after the 10-day cut-off date and before the end of  
the comment period.

If you are a person with a disability who needs a special  
accommodation in order to participate in this process, please contact  
Jun Maiquis at (907) 465-2537 no later than August 24, 2015 to ensure  
that any necessary accommodations can be provided.

STATE OF ALASKA - DEPARTMENT OF ENVIRONMENTAL CONSERVATION  
OXBOW LANDFILL EXPANSION CELL**

The Alaska Department of Environmental Conservation (ADEC) has determined that the North Slope Borough application for modification to the existing Oxbow landfill permit, No. SW1A008-17, is complete. ADEC is proposing to issue a modification to the Solid Waste Disposal Permit to include a lateral expansion of the existing Oxbow Landfill.

**APPLICANT INFORMATION:**

Owner: NORTH SLOPE BOROUGH  
Operator: ICE SERVICES, INC.

**LOCATION:**

The Oxbow Landfill is located approximately 6.8 miles northwest of Deadhorse, along the easterly bank of the Putullagayuk River, and one mile southwest of Prudhoe Bay on the North Slope of Alaska, within Sections 23 and 26, Township 11N, Range 14E, Umiat Meridian.

**PROJECT DESCRIPTION:**

The North Slope Borough is applying to modify the operating permit for the Oxbow Landfill, which is a Class I Municipal Solid Waste landfill that serves the North Slope. The scope of the modification is a lateral expansion for the facility, which will add one additional waste cell to the landfill, as the existing disposal cell is nearing capacity.

**ADDITIONAL INFORMATION:**

For a copy of the permit application or for more information regarding the Solid Waste Permit requirements, please contact Reese Thierme at (907) 269-7590 or by email at reese.thierme@alaska.gov.

**OPPORTUNITY FOR PUBLIC PARTICIPATION:**

ADEC is seeking comment regarding the proposed project only. Notice is given that any person interested may present written comments relevant to the proposed permit modification to ADEC. Written comments (please include your email or mailing address) will be included in the record if received before 5:00 p.m. on August 26, 2015. Submit written comments to:

The Commissioner of the Department of Natural Resources received an application from Alyeska Pipeline Service Company, agent for the Trans-Alaska Pipeline System lessees, to amend the TAPS Right-of-Way Lease. The proposed amendment would add land near pipeline milepost 531 to improve the driveline around the security compound on the north bank of the Tanana River.

The lands are generally described as: Township 9 South, Range 10 East, Fairbanks Meridian, Section 6, Lot 80, that portion not yet encumbered by the existing TAPS Right-of-Way Lease, containing approximately 1.10 acres.

In accordance with Alaska Statute 38.35.080, the Commissioner has prepared an analysis of the application and a proposed decision. The public is invited to comment on the Analysis and Proposed Decision. All comments must be submitted in writing to the State Pipeline Coordinator's Office (SPCO) before 5:00 p.m. on August 24, 2015.

Said property is physically located at 7310 W. Dean Drive, Wasilla, Alaska.

Trustee hereby gives notice that a breach of the obligations for which said deed of trust is security has occurred, that such breach consists of the failure of the above-named trustor to satisfy a certain indebtedness, the payment of which is secured by said deed of trust, and that the amount of such principle indebtedness presently owed by trustor to said Beneficiary is ONE HUNDRED SEVENTY TWO THOUSAND NINETY SEVEN AND 81/100 DOLLARS (\$172,997.81), with interest thereon at FIVE POINT FIVE PERCENT (5.5%) per annum, as in said note provided, due from the 29th day of December, 2014, plus late charges, taxes, assessments, costs and expenses.

Notice is also given hereby that upon demand of the beneficiary, the trustee hereby elects to sell the above described property to satisfy all of the indebtedness owing to said beneficiary, together with all other costs, delinquencies and expenses necessarily incurred, including a reasonable attorney's fee.

If the default has arisen by failure to make payments required by the trust deed, the default may be cured and the sale under this section terminated if

(1) payment of the sum then in default, other than the principal that would not then be due if default had not occurred, and attorney and other foreclosure fees and costs actually incurred by the beneficiary and trustee due to the default is made at any time before the sale date stated in the notice of default or to which the sale is postponed; and

(2) when notice of default under AS 34.20.070 (b) has been recorded two or more times previously under the same trust deed and the default has been cured under AS 34.20.070 (b), the trustee does not elect to refuse payment and continue the sale.

Said sale shall be held at public auction at the main front door of the Alaska Court Building, 435 S Denali Street, Palmer, Alaska on the 9th day of September, 2015, at 10:00 o'clock, a.m.

### PUBLIC HEARING/OPEN HOUSE HANDOUT

AUGUST 4, 2015

#### Meeting Purpose:

The purpose of this meeting is to provide the public and interested agencies an opportunity to review and comment on the Knik-Goose Bay (KGB) Road Reconstruction Project's Environmental Assessment (EA) as approved by the Federal Highway Administration (FHWA) on July 13, 2015.

The goal of this meeting is to allow interested parties to review and comment on the preferred alternative and its impacts as discussed in the EA. The comment deadline is August 20, 2015.

#### The Project:

The Alaska Department of Transportation and Public Facilities (ADOT&PF), in partnership with the FHWA, is proposing to reconstruct KGB Road between Centaur Avenue and Vine Road in Wasilla and the Matanuska Susitna Borough, Alaska.

#### Project Status:

After extensive public and agency outreach, a preferred alternative has been identified that satisfies the project purpose and need, accommodates the needs of the traveling public and minimizes impacts to adjacent lands and their uses. The EA discusses all impacts and is now available for review and comment.

#### Purpose and Need:

The purpose of this proposed project is *to improve mobility for people and freight and to enhance access management* along KGB Road between Centaur Avenue and Vine Road. The project would correct problems created by unconstrained access, *thereby improving safety* and reducing congestion for roadway users. The purpose of this proposed project is precipitated by three needs:

1) *Safety*

2) *Congestion*

3) *Travel Efficiency*

### Preferred Alternative:

This project's preferred alternative proposes to reconstruct KGB Road from Centaur Avenue to Vine Road. The Proposed Action consists of expanding the corridor to a 6-Lane divided roadway from Palmer -Wasilla Hwy to Mack Road with a raised median, outside curb and gutter, and pathway on the north side; expand the corridor to a 4-Lane divided roadway from Mack Road to Vine Road with a depressed grass median with eight-foot outside shoulders and a separated pathway on the north side. Transition areas would expand the road between Centaur Avenue and Palmer-Wasilla Highway and south of Vine Road in order to match the existing roadway. Intersections will be upgraded and will be spaced at quarter-mile to one-half mile intervals. No additional signals are proposed as part of this project.

### Typical Sections:

#### CENTAUR AVENUE TO MACK ROAD

##### 4-LANE URBAN SECTION: RAISED MEDIAN & SEPARATED MULTI-USE PATHWAY

*INITIAL  
CONSTRUCTION*

#### PALMER-WASILLA HIGHWAY TO MACK ROAD

##### 6-LANE URBAN SECTION: RAISED MEDIAN WITH MULTI-USE PATHWAY BEHIND CURB

*FULL  
BUILD-OUT*

#### MACK ROAD TO VINE ROAD

##### 4-LANE RURAL SECTION: DEPRESSED GRASS MEDIAN WITH SEPARATED MULTI-USE PATHWAY

## COMMENTS

I have concerns with the Smith  
Ball Fields access. Seasonally several  
hundred vehicles trying to access essentially  
a driveway during the highest volume  
traffic times. Adding a Right Turn  
lane would be a nice

1. Please put a bike and walking path on both sides of Knik-Goose Bay Rd. It is a dangerous road for a hiker to cross and the cross-streets are far apart.

2. Please put in "pull-outs" for buses

to stop & pick up residents. Since KGB goes through so many residential areas, local transit needs to be able to pick up residents and bring them to businesses and stores and services to the Wasilla and Palmer areas. And it is going to be more and more important as time goes by.

3. If more \$ were spent on public transit, the state DOT would need less money for roads.
4. Is there a way to speed up the process of getting feedback from residents and actually building and rebuilding the roads? Why does it take so long? We needed KGB to be wider last year! By 2020, you will need to make bigger plans

Alternative routes, such as coastal trails would be a better solution in the long run.

With this project, KGB will still dead end @ the Parks Highway

Good Presentation. BUT IN YOUR ENVIRONMENTAL  
IMPACT ARE YOU CONSIDERING BUILDING AN  
"NATURAL" OVERPASS FOR OUR ALASKAN MOOSE?  
YOU CAN'T FENCE IN A "WILD" ANIMAL, FENCE  
THE HUMANS INSTEAD. EUROPE IS WAY AHEAD THAN  
US IN BUILDING THESE "DIRT" & GRASS OVERPASSES.  
THIS IS ALASKA. TAKE THE MOOSE IN CONSIDERATION.

The turn lanes at Vine Rd. need to handle double tractor-trailer rigs turning from KGB to Vine Rd. from both the North and South, as they do now.

MR. DEWAR: My names is John Dewar,  
D-e-w-a-r. My comment is I'd like to see a  
soundproofing fence. I'd like to see a  
soundproofing fence where it's necessary along the  
whole length of the road from here to Point  
MacKenzie; but my main and specific concern is a  
soundproofing fence between Riley Avenue and Frank  
Smith Way on the west side along the senior center,  
along the back side of the senior center, just  
because I know they've done studies. And I know  
they know there will be an increase in noise. So  
I'm hoping it's in the plans, but just in case it  
isn't, I just wanted to mention it.

MR. HABERMAN: My name is Eugene,  
E-u-g-e-n-e, middle name Carl, C-a-r-l, last name is  
Haberman, spelled H like in Harry, a-b as in Bobby,  
e-r-m-a-n.

I'm concerned that the scheduling of  
this meeting was in conflict with the regularly  
scheduled meeting of the Borough Assembly. Allowing  
for the public to be involved and attend this  
meeting, one, a good portion of the people in the  
Valley work in Anchorage and are commuting, would be

1 making it difficult for them to attend the first  
2 part, because they're coming back, and then they  
3 need to be connecting with the Borough Assembly  
4 meeting. When I say "Borough," I mean the  
5 Matanuska-Susitna Borough.

6           And there's confusion on the sign  
7 outside. It says: "Open House, Public Hearing."  
8 The word "public hearing" denotes that there's a  
9 facilitator of a public hearing with people sitting  
10 down or standing and people providing comments.  
11 It's unknown to the public that there's a  
12 transcriber in the back room taking down comments  
13 for those who wish to comment on this meeting.  
14 Because I questioned the sign, I was directed to the  
15 attention that there was a transcriber in the back  
16 room taking comments from people who wish to remark  
17 about this meeting.

18           MS. HICKLE: I'm Donna Hickle,  
19 H-i-c-k-l-e. I'm here to represent all these people  
20 on these slips of paper here that I have, as well as  
21 myself and my son.

22           So we're against the current plan in  
23 the part that affects us directly from the ball  
24 fields to Minnetonka. So our comments are: We do  
25 not want an additional commercial business road run

1 through our property or ball field traffic run  
2 through our properties because we are zoned as  
3 single-family residential. We're not even allowed  
4 to have renters in our neighborhood, except for at  
5 the back where it's a 40-acre parcel. Back there  
6 there are two homes. The owner owns 40 acres on the  
7 lot that's next to Wasilla City Park.

8           It's Gene and Kathleen Wicker. They're  
9 on Endeavor Point. They're the people that own the  
10 40 acres that there are two rental properties on  
11 next to the park. Due to park improvements, they  
12 have experienced additional traffic and people that  
13 have come and siphoned all their gas out of their  
14 vehicles. I'm the one that found the siphon and the  
15 jerry can. Their home phone number -- it wasn't the  
16 Wickers, but it was their renters' property that was  
17 heisted. The phone number is 1-850-624-8803.

18           So they're not in favor of that road  
19 coming back through. They would like a stoplight at  
20 the end of Endeavor where KGB and Endeavor are, not  
21 a circle. We need to keep the road at 25 miles an  
22 hour. There's people that launch themselves off a  
23 blind hill that are coming down from the park  
24 towards KGB going way too fast. We don't know how  
25 to slow that down other than speed bumps at the

1 bottom of the hill before the next driveway  
2 possibly.

3 We would also like to see a moose  
4 tunnel at the ball fields, because there's a lot of  
5 deaths and traffic accidents just because the moose  
6 cross there where the alders are not taken care of  
7 by the ball field people, and that's where the fence  
8 ends. So they go back and forth from the flats  
9 right across the ball field at that curve. We would  
10 like the curve straightened out.

11 So they don't want the road. If they  
12 want to do the road, then they need to go the other  
13 direction with it rather than putting additional  
14 traffic back on KGB for another 800 feet.

15 I'm going to do the next one now.

16 Sheila Morrison and Dave Owens at 1270  
17 South Endeavor Street. They want a stoplight. They  
18 want to keep it at 25 miles an hour. They do not  
19 want an additional road connecting to the back with  
20 commercial traffic, because we're zoned single  
21 family. They also want a moose tunnel.

22 Andrea Hansen. She's at 1590 West  
23 Minnetonka. She's in favor of straightening the  
24 curve so that the road is wider or there's a center  
25 lane, but not that it takes away from her property,

1 because she is very close to the roadway. So as it  
2 reaches up towards her property right at Minnesota,  
3 then we don't want it widened any further that way  
4 because there's just no space on that side by her  
5 house. She wants a stoplight at Endeavor.

6 She wants it 25 miles an hour, and she  
7 does not want commercially zoned traffic in our  
8 single-family neighborhood additionally brought in,  
9 or ball field traffic. Because we already fight  
10 with the dog teams in the winter, the tourist buses  
11 in the summer, and all the gravel trucks for all of  
12 Wasilla tearing up that road. She wants a moose  
13 tunnel.

14 Then Chris Lund and Kathy Lund.  
15 They're the ones who are very strong on saying that  
16 this is a single-family home neighborhood. It's why  
17 we moved here. They're some of the oldest residents  
18 in the neighborhood with one of the longest standing  
19 properties. They're homesteaders to the property.  
20 They say: Absolutely not have that road run into  
21 Endeavor. They would like the speed limit to stay  
22 25. We do not want a bike trail back there.

23 We don't want additional people walking  
24 back there. We want a stoplight, not a rounder,  
25 just because this need to be a break where everybody

1 can get out and stop for each other. There's a long  
2 hill before it gets to Minnetonka, and then there's  
3 no center lane for anybody to get out on; so  
4 everybody from our neighborhood is pretty much using  
5 the Endeavor exit because there's not a 30-foot  
6 cliff drop if you get in an accident. There's a  
7 turn lane. It's the only place there's a turn lane  
8 in.

9           The other option for the road would be  
10 a frontage road for that section where the ball  
11 field is to Endeavor, and then they can get out  
12 however they want. That saves everything actually.  
13 He's pretty smart. Because, I mean, if you just  
14 don't even put in the rounder, you could just put a  
15 short frontage road in there, and the ball field  
16 people can get out safely and so can everyone else.

17           This is Steve and Julie Baird. They do  
18 not want the additional road. They have children.  
19 They have adopted two in the last three years or  
20 four years. They tend to take their kids for walks  
21 there. They're little. The hill is bad enough.  
22 They're adopting a third child soon. They're all  
23 multi-race children, which is kind of fascinating.  
24 Very good Christian, nice folks, and they don't want  
25 their neighborhood to go down and their property

1 values to go down as they are now seeking to build a  
2 bigger house either on their property or another one  
3 in the neighborhood as they're trying to obtain one  
4 of the other properties.

5 As far as the other properties go, they  
6 were just subdivided and approved that they would be  
7 able to have exits going out onto Endeavor and out  
8 onto Minnesota. This creates a problem if they're  
9 going to put in additional traffic from the ball  
10 field in there, because that's where they might be  
11 buying. They tried a different lot in our  
12 neighborhood and they had it tested, and it didn't  
13 perc, so they're looking at those. They want the  
14 moose tunnel. They want the stoplight, and they  
15 want to keep it at 25.

16 Christina Matson. She and I both have  
17 horses. Christina has three horses and a disabled  
18 child. They ride their horses back to the park  
19 infrequently when she's working, like right now, but  
20 normally she rides a lot more back there. Also for  
21 physical therapy for her son. She did a lot of that  
22 with the horses. It's helped a lot. His name is  
23 Joey. He's real cute. They don't want the  
24 additional traffic. They don't know where they're  
25 at in life right now, and they don't know if they're

1 going to keep their house or sell it; but at this  
2 point she needs to keep her home value up. She's  
3 trying to -- she's put new siding on her house.  
4 She's been working all kinds of ways on her property  
5 and house bringing it up to make it nicer and  
6 better, more attractive and whatever for the  
7 neighborhood.

8 She doesn't want a higher speed limit  
9 than 25. She doesn't want additional road traffic.  
10 We already deal with all the other traffic from  
11 Iditarod Headquarters, from the gravel pit for the  
12 whole city, and from the improvements in the park,  
13 which are beautiful improvements, but unfortunately  
14 it's increased our traffic, and also there are a lot  
15 of bad people back there.

16 Also for safety. She mentioned safety.  
17 And she wants the moose tunnel. We don't want to  
18 have accidents. There are moose heads there every  
19 year. We're having to pick up moose skeletons left  
20 behind. Every spring there's moose accidents on  
21 that road. Not on Endeavor, but on KGB on that  
22 curve. Straightening the curve would be in our best  
23 interests.

24 Now I'm on Josh Magnuson and Morgan  
25 Butler. They are not for additional traffic. They

1 do not want the road linking over to Endeavor.  
2 They're mostly concerned because having that speed  
3 limit at 35 to get a streetlight is going to be bad  
4 with the hill. They have children that visit,  
5 because he has three that come from out of state,  
6 and they frequently bike ride all around there.

7 I know I was driving home one day and I  
8 saw a little boy was making circles, and the police  
9 came down the road pretty fast. So even the police  
10 can fly down that road pretty fast, because it is  
11 such a hill. So Josh and Morgan, they have those  
12 three little boys that come up and visit. They're  
13 out there on their bikes. We don't want additional  
14 traffic because of that. They want the stoplight  
15 put in so that people can get out on KGB safely.  
16 And they want a moose tunnel.

17 This one is Barb Moore. She said she  
18 just wants to make sure you have a streetlight. She  
19 cannot speak for her husband, because he's out of  
20 town.

21 Lisa and Dan Feltz. They want a middle  
22 turn lane to get out on -- all the way down. Even  
23 if you have rounders, they still want a middle turn  
24 lane. But, remember, with the middle turn lane the  
25 other lady does not want it by her house because it

1 would come up too close to her house. They wouldn't  
2 have any property left there. They have a five-acre  
3 parcel back there. So Lisa and Dan Feltz don't have  
4 a five-acre parcel, but they just want to see a  
5 middle turn lane. She said she doesn't think we can  
6 stop anything else, but I think she wishes we could.  
7 They've come to a lot of the meetings too. They're  
8 not happy about it, but they're hoping that you guys  
9 will get it figured out. That's what she said. She  
10 said they will get it figured out; we just may not  
11 like it.

12 Joshua Smith. He's at 1457 West  
13 Kanabec. He said he doesn't want the extra traffic.  
14 I believe there's some disabled people in the home  
15 or maybe they babysit. I don't know, I'm not sure.  
16 But they walk around the street. It's a loop and  
17 stuff, and they don't want the extra traffic because  
18 of the things going on there. There's some elderly  
19 there that live there and elderly at the house  
20 behind them too. There are elderly people and  
21 possibly disabled people in the two homes there at  
22 the corner. They don't want the extra traffic.  
23 They don't want the road put in to link up to  
24 Endeavor, and they don't want the speed limit any  
25 higher than it is. We want to keep it at 25, and we

1 want a stoplight and a moose tunnel.

2 James Whitney and Erica Whitney, 1956  
3 Endeavor Street. They disagree with the changes  
4 that I've mentioned with the other people. They  
5 want no road linking in. Everybody wants it to go  
6 the other direction towards the senior center, and  
7 let the senior center have egress out if they want  
8 or to come back around the back side. James and  
9 Erica Whitney do not want that road to link in.

10 His is the property that is located on  
11 Endeavor. He's the one right below that bump, and  
12 it's a blind hill coming down. So when he pulls  
13 out, he's almost run into all the time as it is,  
14 because of park traffic, and then he has the gravel  
15 pit right there to contend with. Currently the lot  
16 above him is vacant, but somebody will build there  
17 eventually.

18 Eventually the 40-acre parcel behind  
19 him will be subdivided, and there will be more  
20 traffic because of that. There will also be  
21 additional traffic to the side of him on Minnetonka  
22 and Endeavor, because of the additional driveways  
23 that are going to go in for the new proposed homes.  
24 The lot behind him on the other side also -- there's  
25 a white house next to him where a man died in the

1 last month or two. His house is in probate, and  
2 they may subdivide the lot, so that will become  
3 instead of a three-acre parcel of one single home  
4 with a single man, it will now possibly also double.  
5 So now we're looking at not only this extra road and  
6 the ball field traffic, but we're looking at 38  
7 potential lots in the back by the lake, another ten  
8 lots to the side of him, and an additional lot  
9 behind him. That could be a lot of people, all  
10 zoned single family, but still that's a lot of  
11 people.

12           Then there's Jennifer Wilson. She's at  
13 1580 Kanabec. She agrees that we don't want  
14 additional traffic. As it is, people come in off of  
15 KGB; they miss their turn on Endeavor to get to the  
16 park, so they hit Minnetonka and they blaze through  
17 that whole end of the neighborhood and they come  
18 back through. The neighborhood has gotten more  
19 unsafe with walking traffic. She doesn't want the  
20 speed limit lowered, she doesn't want the road to go  
21 through there, and she does want the streetlight and  
22 she wants the moose tunnel.

23           My name is Donna Hickle. I live at  
24 1580 West Pipestone Drive. I spoke for many people  
25 tonight. I'm now speaking for myself and my son.

1 We have an approximately one-acre parcel that's  
2 fenced on Pipestone Drive. Driving out KGB, as  
3 everyone knows, is a nightmare; but being that we're  
4 at Mile 2 and we're the first really big  
5 neighborhood since the ballparks, we have to fight  
6 all of Settlers Bay and all the other roads with all  
7 the other neighborhoods to cross to go in the  
8 opposite direction -- opposing commute for  
9 two miles, which should be easy, but it is not.

10           The road is -- KGB has ten times more  
11 traffic than when we first moved out and had our  
12 home built. It's very unsafe and dangerous. My son  
13 is 16. I won't let him get his driver's license or  
14 go and drive to school because I'm afraid he'll get  
15 in a wreck and die. I myself was involved in a very  
16 serious accident where a teenager hit me in the  
17 back. I ended up having ear surgery and back  
18 surgery and continue to have problems with that,  
19 back problems.

20           So something needs to be done with  
21 KGB obviously. I hope that we can put this in your  
22 hands to safely give us some good solutions. My  
23 parents worked in construction when I grew up. They  
24 had the biggest construction in Alaska. My  
25 stepdad's name was Bob West. He did build most of

1 the bridges and docks you see, Knik Road River  
2 Bridge with the lights on it, and a lot of marine  
3 construction in Chignik and Dutch Harbor, so I'm  
4 familiar with construction. I think that adding  
5 additional traffic to Endeavor will become a  
6 dangerous problem. Although it may solve some minor  
7 problems in the short term, it will create major  
8 problems in the long term. It doesn't seem right to  
9 give a commercial business a free pass on a driveway  
10 to backtrack traffic from the ball fields to  
11 Endeavor to put it back on KGB another 2,000 or  
12 3,000 feet.

13 In addition, there's a hill on Endeavor  
14 that needs to be smoothed out. It is way too steep.  
15 The driveway that comes down below it, the people  
16 have children, and there's additional traffic  
17 planned for the neighborhood in future years with  
18 new lots being subdivided and with plans to  
19 subdivide lots coming on down the road from the  
20 40-acre parcel in the back of Endeavor by the lake.

21 Keeping the speed limit at 25 is  
22 appropriate on Endeavor. As it currently stands, we  
23 currently -- Endeavor is currently torn up so bad  
24 from four-wheeler traffic, but we have to look for  
25 bicycle traffic merging there, bus traffic in the

1 summertime from tour buses that do not have a  
2 turn-around, and the gravel pit dishing out gravel  
3 for the whole city of Wasilla on the iciest and  
4 worst days. Putting an additional road in,  
5 backtracking traffic from the ball fields and for a  
6 commercial peony farm, is not in the best interest  
7 of the single-family homes that built in a  
8 subdivision which has covenants that we as  
9 homeowners enforce in our neighborhood.

10 If you are to add any additional roads,  
11 we do need a moose tunnel for the moose that are  
12 coming across the ball fields, fencing. We need a  
13 stoplight, not a rounder, just where we're at. A  
14 center lane would be appropriate or a frontage road  
15 from the gas station -- the service station all the  
16 way to Endeavor would be appropriate and help people  
17 get out.

18 When you have reviewed all of our  
19 comments, rather than make a decision, please have  
20 another meeting and let us know what you're  
21 proposing to do, and/or submit a predecision to the  
22 neighborhood or something in writing so that we can  
23 discuss it again for finalization.

24 MS. WILKINS: My name is Loretta  
25 Wilkins. I have concerns about entry to Smith ball

1 field at Mile 2. There needs to be a safe entrance  
2 and exit; there isn't now. Mostly -- yeah, that and  
3 I live on Mack Road, so it looks like they're  
4 dealing with that. The walking trail that runs  
5 along Smith field is too low. During the winter  
6 when it melts, about 20 feet of it gets covered in  
7 ice and no one can use it. They need to raise it  
8 about three feet.

<p style="text-align: right;">Page 2</p> <p>1 PUBLIC COMMENT</p> <p>2</p> <p>3 MR. DEWAR: My names is John Dewar,</p> <p>4 D-e-w-a-r. My comment is I'd like to see a</p> <p>5 soundproofing fence. I'd like to see a</p> <p>6 soundproofing fence where it's necessary along the</p> <p>7 whole length of the road from here to Point</p> <p>8 MacKenzie; but my main and specific concern is a</p> <p>9 soundproofing fence between Riley Avenue and Frank</p> <p>10 Smith Way on the west side along the senior center,</p> <p>11 along the back side of the senior center, just</p> <p>12 because I know they've done studies. And I know</p> <p>13 they know there will be an increase in noise. So</p> <p>14 I'm hoping it's in the plans, but just in case it</p> <p>15 isn't, I just wanted to mention it.</p> <p>16 MR. HABERMAN: My name is Eugene,</p> <p>17 E-u-g-e-n-e, middle name Carl, C-a-r-l, last name is</p> <p>18 Haberman, spelled H like in Harry, a-b as in Bobby,</p> <p>19 e-r-m-a-n.</p> <p>20 I'm concerned that the scheduling of</p> <p>21 this meeting was in conflict with the regularly</p> <p>22 scheduled meeting of the Borough Assembly. Allowing</p> <p>23 for the public to be involved and attend this</p> <p>24 meeting, one, a good portion of the people in the</p> <p>25 Valley work in Anchorage and are commuting, would be</p>	<p style="text-align: right;">Page 4</p> <p>1 through our property or ball field traffic run</p> <p>2 through our properties because we are zoned as</p> <p>3 single-family residential. We're not even allowed</p> <p>4 to have renters in our neighborhood, except for at</p> <p>5 the back where it's a 40-acre parcel. Back there</p> <p>6 there are two homes. The owner owns 40 acres on the</p> <p>7 lot that's next to Wasilla City Park.</p> <p>8 It's Gene and Kathleen Wicker. They're</p> <p>9 on Endeavor Point. They're the people that own the</p> <p>10 40 acres that there are two rental properties on</p> <p>11 next to the park. Due to park improvements, they</p> <p>12 have experienced additional traffic and people that</p> <p>13 have come and siphoned all their gas out of their</p> <p>14 vehicles. I'm the one that found the siphon and the</p> <p>15 jerry can. Their home phone number -- it wasn't the</p> <p>16 Wickers, but it was their renters' property that was</p> <p>17 heisted. The phone number is 1-850-624-8803.</p> <p>18 So they're not in favor of that road</p> <p>19 coming back through. They would like a stoplight at</p> <p>20 the end of Endeavor where KGB and Endeavor are, not</p> <p>21 a circle. We need to keep the road at 25 miles an</p> <p>22 hour. There's people that launch themselves off a</p> <p>23 blind hill that are coming down from the park</p> <p>24 towards KGB going way too fast. We don't know how</p> <p>25 to slow that down other than speed bumps at the</p>
<p style="text-align: right;">Page 3</p> <p>1 making it difficult for them to attend the first</p> <p>2 part, because they're coming back, and then they</p> <p>3 need to be connecting with the Borough Assembly</p> <p>4 meeting. When I say "Borough," I mean the</p> <p>5 Matanuska-Susitna Borough.</p> <p>6 And there's confusion on the sign</p> <p>7 outside. It says: "Open House, Public Hearing."</p> <p>8 The word "public hearing" denotes that there's a</p> <p>9 facilitator of a public hearing with people sitting</p> <p>10 down or standing and people providing comments.</p> <p>11 It's unknown to the public that there's a</p> <p>12 transcriber in the back room taking down comments</p> <p>13 for those who wish to comment on this meeting.</p> <p>14 Because I questioned the sign, I was directed to the</p> <p>15 attention that there was a transcriber in the back</p> <p>16 room taking comments from people who wish to remark</p> <p>17 about this meeting.</p> <p>18 MS. HICKLE: I'm Donna Hickle,</p> <p>19 H-i-c-k-l-e. I'm here to represent all these people</p> <p>20 on these slips of paper here that I have, as well as</p> <p>21 myself and my son.</p> <p>22 So we're against the current plan in</p> <p>23 the part that affects us directly from the ball</p> <p>24 fields to Minnetonka. So our comments are: We do</p> <p>25 not want an additional commercial business road run</p>	<p style="text-align: right;">Page 5</p> <p>1 bottom of the hill before the next driveway</p> <p>2 possibly.</p> <p>3 We would also like to see a moose</p> <p>4 tunnel at the ball fields, because there's a lot of</p> <p>5 deaths and traffic accidents just because the moose</p> <p>6 cross there where the alders are not taken care of</p> <p>7 by the ball field people, and that's where the fence</p> <p>8 ends. So they go back and forth from the flats</p> <p>9 right across the ball field at that curve. We would</p> <p>10 like the curve straightened out.</p> <p>11 So they don't want the road. If they</p> <p>12 want to do the road, then they need to go the other</p> <p>13 direction with it rather than putting additional</p> <p>14 traffic back on KGB for another 800 feet.</p> <p>15 I'm going to do the next one now.</p> <p>16 Sheila Morrison and Dave Owens at 1270</p> <p>17 South Endeavor Street. They want a stoplight. They</p> <p>18 want to keep it at 25 miles an hour. They do not</p> <p>19 want an additional road connecting to the back with</p> <p>20 commercial traffic, because we're zoned single</p> <p>21 family. They also want a moose tunnel.</p> <p>22 Andrea Hansen. She's at 1590 West</p> <p>23 Minnetonka. She's in favor of straightening the</p> <p>24 curve so that the road is wider or there's a center</p> <p>25 lane, but not that it takes away from her property,</p>

<p style="text-align: right;">Page 6</p> <p>1 because she is very close to the roadway. So as it 2 reaches up towards her property right at Minnesota, 3 then we don't want it widened any further that way 4 because there's just no space on that side by her 5 house. She wants a stoplight at Endeavor. 6 She wants it 25 miles an hour, and she 7 does not want commercially zoned traffic in our 8 single-family neighborhood additionally brought in, 9 or ball field traffic. Because we already fight 10 with the dog teams in the winter, the tourist buses 11 in the summer, and all the gravel trucks for all of 12 Wasilla tearing up that road. She wants a moose 13 tunnel. 14 Then Chris Lund and Kathy Lund. 15 They're the ones who are very strong on saying that 16 this is a single-family home neighborhood. It's why 17 we moved here. They're some of the oldest residents 18 in the neighborhood with one of the longest standing 19 properties. They're homesteaders to the property. 20 They say: Absolutely not have that road run into 21 Endeavor. They would like the speed limit to stay 22 25. We do not want a bike trail back there. 23 We don't want additional people walking 24 back there. We want a stoplight, not a rounder, 25 just because this need to be a break where everybody</p>	<p style="text-align: right;">Page 8</p> <p>1 values to go down as they are now seeking to build a 2 bigger house either on their property or another one 3 in the neighborhood as they're trying to obtain one 4 of the other properties. 5 As far as the other properties go, they 6 were just subdivided and approved that they would be 7 able to have exits going out onto Endeavor and out 8 onto Minnesota. This creates a problem if they're 9 going to put in additional traffic from the ball 10 field in there, because that's where they might be 11 buying. They tried a different lot in our 12 neighborhood and they had it tested, and it didn't 13 perc, so they're looking at those. They want the 14 moose tunnel. They want the stoplight, and they 15 want to keep it at 25. 16 Christina Matson. She and I both have 17 horses. Christina has three horses and a disabled 18 child. They ride their horses back to the park 19 infrequently when she's working, like right now, but 20 normally she rides a lot more back there. Also for 21 physical therapy for her son. She did a lot of that 22 with the horses. It's helped a lot. His name is 23 Joey. He's real cute. They don't want the 24 additional traffic. They don't know where they're 25 at in life right now, and they don't know if they're</p>
<p style="text-align: right;">Page 7</p> <p>1 can get out and stop for each other. There's a long 2 hill before it gets to Minnetonka, and then there's 3 no center lane for anybody to get out on; so 4 everybody from our neighborhood is pretty much using 5 the Endeavor exit because there's not a 30-foot 6 cliff drop if you get in an accident. There's a 7 turn lane. It's the only place there's a turn lane 8 in. 9 The other option for the road would be 10 a frontage road for that section where the ball 11 field is to Endeavor, and then they can get out 12 however they want. That saves everything actually. 13 He's pretty smart. Because, I mean, if you just 14 don't even put in the rounder, you could just put a 15 short frontage road in there, and the ball field 16 people can get out safely and so can everyone else. 17 This is Steve and Julie Baird. They do 18 not want the additional road. They have children. 19 They have adopted two in the last three years or 20 four years. They tend to take their kids for walks 21 there. They're little. The hill is bad enough. 22 They're adopting a third child soon. They're all 23 multi-race children, which is kind of fascinating. 24 Very good Christian, nice folks, and they don't want 25 their neighborhood to go down and their property</p>	<p style="text-align: right;">Page 9</p> <p>1 going to keep their house or sell it; but at this 2 point she needs to keep her home value up. She's 3 trying to -- she's put new siding on her house. 4 She's been working all kinds of ways on her property 5 and house bringing it up to make it nicer and 6 better, more attractive and whatever for the 7 neighborhood. 8 She doesn't want a higher speed limit 9 than 25. She doesn't want additional road traffic. 10 We already deal with all the other traffic from 11 Iditarod Headquarters, from the gravel pit for the 12 whole city, and from the improvements in the park, 13 which are beautiful improvements, but unfortunately 14 it's increased our traffic, and also there are a lot 15 of bad people back there. 16 Also for safety. She mentioned safety. 17 And she wants the moose tunnel. We don't want to 18 have accidents. There are moose heads there every 19 year. We're having to pick up moose skeletons left 20 behind. Every spring there's moose accidents on 21 that road. Not on Endeavor, but on KGB on that 22 curve. Straightening the curve would be in our best 23 interests. 24 Now I'm on Josh Magnuson and Morgan 25 Butler. They are not for additional traffic. They</p>

Page 10

1 do not want the road linking over to Endeavor.  
2 They're mostly concerned because having that speed  
3 limit at 35 to get a streetlight is going to be bad  
4 with the hill. They have children that visit,  
5 because he has three that come from out of state,  
6 and they frequently bike ride all around there.  
7 I know I was driving home one day and I  
8 saw a little boy was making circles, and the police  
9 came down the road pretty fast. So even the police  
10 can fly down that road pretty fast, because it is  
11 such a hill. So Josh and Morgan, they have those  
12 three little boys that come up and visit. They're  
13 out there on their bikes. We don't want additional  
14 traffic because of that. They want the stoplight  
15 put in so that people can get out on KGB safely.  
16 And they want a moose tunnel.  
17 This one is Barb Moore. She said she  
18 just wants to make sure you have a streetlight. She  
19 cannot speak for her husband, because he's out of  
20 town.  
21 Lisa and Dan Feltz. They want a middle  
22 turn lane to get out on -- all the way down. Even  
23 if you have rounders, they still want a middle turn  
24 lane. But, remember, with the middle turn lane the  
25 other lady does not want it by her house because it

Page 11

1 would come up too close to her house. They wouldn't  
2 have any property left there. They have a five-acre  
3 parcel back there. So Lisa and Dan Feltz don't have  
4 a five-acre parcel, but they just want to see a  
5 middle turn lane. She said she doesn't think we can  
6 stop anything else, but I think she wishes we could.  
7 They've come to a lot of the meetings too. They're  
8 not happy about it, but they're hoping that you guys  
9 will get it figured out. That's what she said. She  
10 said they will get it figured out; we just may not  
11 like it.  
12 Joshua Smith. He's at 1457 West  
13 Kanabec. He said he doesn't want the extra traffic.  
14 I believe there's some disabled people in the home  
15 or maybe they babysit. I don't know, I'm not sure.  
16 But they walk around the street. It's a loop and  
17 stuff, and they don't want the extra traffic because  
18 of the things going on there. There's some elderly  
19 there that live there and elderly at the house  
20 behind them too. There are elderly people and  
21 possibly disabled people in the two homes there at  
22 the corner. They don't want the extra traffic.  
23 They don't want the road put in to link up to  
24 Endeavor, and they don't want the speed limit any  
25 higher than it is. We want to keep it at 25, and we

Page 12

1 want a stoplight and a moose tunnel.  
2 James Whitney and Erica Whitney, 1956  
3 Endeavor Street. They disagree with the changes  
4 that I've mentioned with the other people. They  
5 want no road linking in. Everybody wants it to go  
6 the other direction towards the senior center, and  
7 let the senior center have egress out if they want  
8 or to come back around the back side. James and  
9 Erica Whitney do not want that road to link in.  
10 His is the property that is located on  
11 Endeavor. He's the one right below that bump, and  
12 it's a blind hill coming down. So when he pulls  
13 out, he's almost run into all the time as it is,  
14 because of park traffic, and then he has the gravel  
15 pit right there to contend with. Currently the lot  
16 above him is vacant, but somebody will build there  
17 eventually.  
18 Eventually the 40-acre parcel behind  
19 him will be subdivided, and there will be more  
20 traffic because of that. There will also be  
21 additional traffic to the side of him on Minnetonka  
22 and Endeavor, because of the additional driveways  
23 that are going to go in for the new proposed homes.  
24 The lot behind him on the other side also -- there's  
25 a white house next to him where a man died in the

Page 13

1 last month or two. His house is in probate, and  
2 they may subdivide the lot, so that will become  
3 instead of a three-acre parcel of one single home  
4 with a single man, it will now possibly also double.  
5 So now we're looking at not only this extra road and  
6 the ball field traffic, but we're looking at 38  
7 potential lots in the back by the lake, another ten  
8 lots to the side of him, and an additional lot  
9 behind him. That could be a lot of people, all  
10 zoned single family, but still that's a lot of  
11 people.  
12 Then there's Jennifer Wilson. She's at  
13 1580 Kanabec. She agrees that we don't want  
14 additional traffic. As it is, people come in off of  
15 KGB; they miss their turn on Endeavor to get to the  
16 park, so they hit Minnetonka and they blaze through  
17 that whole end of the neighborhood and they come  
18 back through. The neighborhood has gotten more  
19 unsafe with walking traffic. She doesn't want the  
20 speed limit lowered, she doesn't want the road to go  
21 through there, and she does want the streetlight and  
22 she wants the moose tunnel.  
23 My name is Donna Hickle. I live at  
24 1580 West Pipestone Drive. I spoke for many people  
25 tonight. I'm now speaking for myself and my son.

<p style="text-align: right;">Page 14</p> <p>1 We have an approximately one-acre parcel that's 2 fenced on Pipestone Drive. Driving out KGB, as 3 everyone knows, is a nightmare; but being that we're 4 at Mile 2 and we're the first really big 5 neighborhood since the ballparks, we have to fight 6 all of Settlers Bay and all the other roads with all 7 the other neighborhoods to cross to go in the 8 opposite direction -- opposing commute for 9 two miles, which should be easy, but it is not. 10 The road is -- KGB has ten times more 11 traffic than when we first moved out and had our 12 home built. It's very unsafe and dangerous. My son 13 is 16. I won't let him get his driver's license or 14 go and drive to school because I'm afraid he'll get 15 in a wreck and die. I myself was involved in a very 16 serious accident where a teenager hit me in the 17 back. I ended up having ear surgery and back 18 surgery and continue to have problems with that, 19 back problems. 20 So something needs to be done with 21 KGB obviously. I hope that we can put this in your 22 hands to safely give us some good solutions. My 23 parents worked in construction when I grew up. They 24 had the biggest construction in Alaska. My 25 stepdad's name was Bob West. He did build most of</p>	<p style="text-align: right;">Page 16</p> <p>1 summertime from tour buses that do not have a 2 turn-around, and the gravel pit dishing out gravel 3 for the whole city of Wasilla on the iciest and 4 worst days. Putting an additional road in, 5 backtracking traffic from the ball fields and for a 6 commercial peony farm, is not in the best interest 7 of the single-family homes that built in a 8 subdivision which has covenants that we as 9 homeowners enforce in our neighborhood. 10 If you are to add any additional roads, 11 we do need a moose tunnel for the moose that are 12 coming across the ball fields, fencing. We need a 13 stoplight, not a rounder, just where we're at. A 14 center lane would be appropriate or a frontage road 15 from the gas station -- the service station all the 16 way to Endeavor would be appropriate and help people 17 get out. 18 When you have reviewed all of our 19 comments, rather than make a decision, please have 20 another meeting and let us know what you're 21 proposing to do, and/or submit a predecision to the 22 neighborhood or something in writing so that we can 23 discuss it again for finalization. 24 MS. WILKINS: My name is Loretta 25 Wilkins. I have concerns about entry to Smith ball</p>
<p style="text-align: right;">Page 15</p> <p>1 the bridges and docks you see, Knik Road River 2 Bridge with the lights on it, and a lot of marine 3 construction in Chignik and Dutch Harbor, so I'm 4 familiar with construction. I think that adding 5 additional traffic to Endeavor will become a 6 dangerous problem. Although it may solve some minor 7 problems in the short term, it will create major 8 problems in the long term. It doesn't seem right to 9 give a commercial business a free pass on a driveway 10 to backtrack traffic from the ball fields to 11 Endeavor to put it back on KGB another 2,000 or 12 3,000 feet. 13 In addition, there's a hill on Endeavor 14 that needs to be smoothed out. It is way too steep. 15 The driveway that comes down below it, the people 16 have children, and there's additional traffic 17 planned for the neighborhood in future years with 18 new lots being subdivided and with plans to 19 subdivide lots coming on down the road from the 20 40-acre parcel in the back of Endeavor by the lake. 21 Keeping the speed limit at 25 is 22 appropriate on Endeavor. As it currently stands, we 23 currently -- Endeavor is currently torn up so bad 24 from four-wheeler traffic, but we have to look for 25 bicycle traffic merging there, bus traffic in the</p>	<p style="text-align: right;">Page 17</p> <p>1 field at Mile 2. There needs to be a safe entrance 2 and exit; there isn't now. Mostly -- yeah, that and 3 I live on Mack Road, so it looks like they're 4 dealing with that. The walking trail that runs 5 along Smith field is too low. During the winter 6 when it melts, about 20 feet of it gets covered in 7 ice and no one can use it. They need to raise it 8 about three feet. 9 (Public comment concludes at 8:00 p.m.) 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25</p>

**MATANUSKA-SUSITNA BOROUGH  
TRANSPORTATION ADVISORY BOARD  
RESOLUTION SERIAL NO. 15-11**

A RESOLUTION OF THE MATANUSKA-SUSITNA BOROUGH TRANSPORTATION ADVISORY BOARD RECOMMENDING THAT THE BOROUGH ASSEMBLY PROVIDE ADOT&PF A RESOLUTION IN SUPPORT OF THE CURRENT DESIGN OF THE SECTION OF THE KNIK GOOSE BAY ROAD RECONSTRUCTION PROJECT BETWEEN FAIRVIEW LOOP AND VINE ROAD TO BE CONSTRUCTED TO RURAL STANDARDS AND RECOMMENDING PURCHASING THE ADDITIONAL RIGHT OF WAY NEEDED FOR A SIX-LANE HIGHWAY IF FUNDING IS AVAILABLE.

---

WHEREAS, the Alaska Department of Transportation & Public Facilities (ADOT&PF) is proposing to reconstruct Knik Goose Bay (KGB) Road in Wasilla from MP 0.3 (Centaur Avenue near the Palmer-Wasilla Highway intersection) to Vine Road at Mile 6.8.; and

WHEREAS, the goal of the project is to improve mobility for people and freight and to enhance access management along this segment of the road, thereby improving safety and reducing congestion for roadway users; and

WHEREAS, the project is currently in the environmental phase; and

WHEREAS, after extensive public outreach and involvement, an Environmental Assessment (EA) is being prepared for the preferred alternative; and

WHEREAS, the EA is expected to be available for public review and comment by early July 2015; and

WHEREAS, after environmental clearance is obtained, final design can begin; and

WHEREAS, at their May 27, 2015 meeting, the Transportation Advisory Board (TAB) reviewed a draft of the Planning Commission's (PC) Resolution 15-22 (recommending the section of Knik Goose Bay Road between Fairview Loop and Vine Road be

constructed to urban standards, and recommending the Assembly adopt a similar resolution) for the first time;

WHEREAS, the TAB feels the PC's decision was made in haste without regard to the consequences of such a change in design of the road project; and

WHEREAS, the TAB advises against this change which could lead to significant delays in the project of anywhere from two to five years due to additional processing of new environmental documents, legal actions for purchase of right-of-way acquisition, design modifications, additional utility relocates, and platting actions, etc.; and

WHEREAS, the TAB advises against this change which could lead to additional costs, potentially making the project so expensive that it is cancelled (i.e., the difference in State-funded maintenance costs between a separated 4-lane and a 6-lane is nearly a six-fold increase annually [\$48,000/year versus \$288,000/year] and other costs as shown on the attached report from ADOT&PF); and

WHEREAS, the current design offers the best solutions to all of the serious safety issues on that section of roadway; the Planning Commission's resolution ignores the exhaustive studies and public reviews that have already been done for this project (see the attached report from ADOT&PF); and

WHEREAS, there is no clear evidence that traffic conditions in 20 years will warrant the acquisition of additional right-of-way for a six-lane highway at this time; and

WHEREAS, although the traffic projections/modeling indicate that there may be a need for six lanes beyond the 20-year timeline, the TAB would only recommend purchasing the additional right of way if funding is available.

NOW, THEREFORE, BE IT RESOLVED, that the Matanuska-Susitna Borough Transportation Advisory Board recommends that the Borough Assembly provide ADOT&PF a resolution of support of the current design of the KGB Road Reconstruction between Fairview Loop and Vine Road project to be constructed to rural standards.

NOW, THEREFORE, BE IT FURTHER RESOLVED, that the Matanuska-Susitna Borough Transportation Advisory Board recommends purchasing the additional right of way needed for a six-lane highway if funding is available.

ADOPTED by the Matanuska-Susitna Borough Transportation Advisory Board this 22<sup>nd</sup> day of July, 2015.

**Summary:**  
Preferred alternative meets safety and operational goals of the project largely within existing rights-of-way at \$40 million capital cost less than resolution 15-22 proposes. In addition, recurrent annual costs of maintenance and operation would increase by \$240k/year. Route efficiency and safety are not enhanced by treatment proposed by resolution. Preferred alternative maximizes access to adjacent properties consistent with adopted local plans; resolution 15-22 would not improve upon this access. Harm to adjacent properties in advance of route need is not justified. Reduced posted speed limits on this route are not popular with public.

## **3.12 Alternatives Considered but Not Carried Forward**

### **3.12.1 Four-lane Divided Highway with Fully Controlled Access Alternative**

Similar to the Preferred Alternative, this alternative would extend the five-lane section from Lucus Road to Church Road. The remainder of the proposed project corridor, from Church Road to Big Lake Road would be designed as a freeway style facility and would upgrade the existing highway west of Church Road to a four-lane divided highway with two lane, two-way frontage roads on each side and grade separated interchanges at two major intersections. This design would be similar to the Parks Highway between the Glenn Highway and Seward Meridian Parkway east of the City of Wasilla. This alternative would include reconstruction of the multi-use pathway, continuous corridor illumination, drainage improvements, installation of a bridge at Little Meadow Creek and construction of a bridge over the railroad similar to the Preferred Alternative.

Existing frontage roads along this section of the Parks Highway are adequately handling access density in developed areas. In areas without existing frontage roads, driveway density is low as development in these areas is sparse. This alternative would therefore construct frontage roads for undeveloped areas along the corridor where future development may or may not occur.

This alternative would construct full frontage roads along both sides of the highway and grade separated interchanges, which would cause this alternative to have a footprint approximately twice the size as the Preferred Alternative. This would significantly increase ROW requirements and environmental impacts, particularly wetland impacts. Much of the existing development in this section has occurred in areas immediately adjacent to the highway in what is commonly referred to as “strip development”. Because numerous established businesses and residences would be relocated, impacts to the community would be excessive.

This alternative would separate the thru traffic from local traffic accessing adjacent businesses. It would increase capacity, improve mobility, attain full access control, and reduce conflicts that may lead to crashes. However, this alternative was not carried forward due to the significant additional ROW requirements, environmental consequences, and construction costs over the Preferred Alternative.

### **3.12.2 Five-Lane Section Alternative**

This alternative would extend the five-lane section the entire length of the proposed project corridor from Lucus Road to Big Lake Road. As with the other Build Alternatives, this alternative would include reconstruction of the multi-use pathway, continuous illumination, drainage improvements, and construction of bridges at Little Meadow Creek and over the railroad. This alternative would provide increased capacity; however, conflicts between highway through traffic and local community traffic would continue.

The Preferred Alternative was selected over the five-lane section alternative because it holds considerable **safety**, **capacity** and **efficiency** advantages over a five-lane facility. It more

A RESOLUTION OF THE MATANUSKA-SUSITNA BOROUGH PLANNING COMMISSION RECOMMENDING THE SECTION OF KNIK GOOSE BAY ROAD BETWEEN FAIRVIEW LOOP AND VINE ROAD BE CONSTRUCTED TO URBAN STANDARDS, AND RECOMMENDING THE ASSEMBLY ADOPT A SIMILAR RESOLUTION.

---

WHEREAS, Knik Goose Bay (KGB) Road is proposed to be upgraded, in 2 standards, within the next several years; and

WHEREAS, the section of KGB between Centaur Avenue and Fairview Loop is identified by the Alaska Department of Transportation and Public Facilities (ADOT) to be constructed to urban standards; and

WHEREAS, the section of KGB between Fairview Loop and Vine Road is identified by ADOT to be constructed to rural standards; and

WHEREAS, the planning commission feels that urban upgrade should be the preferred upgrade for the section of KGB between Fairview Loop and Vine Road; and

WHEREAS, the urban upgrade provides better access to existing roads and is better for future development; and

WHEREAS, the rural upgrade provides far less access, and only requires right-of-way for 4 lanes that will affect a smaller amount of properties (purchase right-of-way). In just 20 years they will purchase right-of-way for 6 lanes affecting far more properties after 20 years of development. Right-of-way for 6 lanes should be purchased now for the sake of future development; and

WHEREAS, the urban development is safer, providing more access (left hand turn lanes) requiring less U-turns.

NOW, THEREFORE, BE IT RESOLVED, that the Matanuska-Susitna Borough Planning Commission hereby recommends the section of KGB between Fairview Loop and Vine Road be constructed to urban standards.

BE IT FURTHER RESOLVED, that the commission recommends the Assembly adopt a similar resolution.

Hi Andrea and Rodney,

Thank you for contacting us about this very important project. Currently this project is in the preliminary design and environmental studies stage. Design is not advanced to a level where we can precisely describe impacts to properties adjacent to KGB Road. The conceptual design aims instead to provide agencies and property owners with information regarding *possible* impacts to utilities, environmental resources and adjacent property. The goal of our efforts thus far are to describe facility needs and the purposes of the project. Exact impacts will become clearer during development of the final design, which we hope to have funded later this year.

It does not appear the current preliminary concept directly impacts your property or your trees.

You are on the project mailing list, and I will ensure you are added to the email list for outreach. You will be kept informed of project updates as we move forward into final design. If you have not been receiving project mailers and notifications, please let me know so I can address that problem.

I encourage you to view the concept and the project documents at [www.knikgoosebayroad.com](http://www.knikgoosebayroad.com)

Again, thanks for your interest in this project.

Regards  
Matt

We own the property located at the corner of KGB and W. Minnetonka considered at **HODGERT CORNER LOT 9**. It has come to our attention that the proposed changes to Knik-Goose Bay include a six lane highway with an eight foot raised divider. We are quite concerned about losing our noise-break of trees which now separate us from KGB. There is an Enstar substation/facility located just past the turn-in to W. Minnetonka on the right. Could you clarify for us what the future plans are for the development of KGB and how it will affect our property?

RE: Knik-Goose Bay Road Reconstruction: MP 0.3 to 6.8; Environmental Assessment  
*Federal No. STP-0525(16)/State No. 52464*

Mr. Elliott:

I would like to take this opportunity to thank the Department of Transportation in working with the City of Wasilla in developing an urban design where the referenced project is within the city limits. The City is in full support of the preferred alternative as outlined in the July 2015 Environmental Assessment that includes the urban design within the city limits. This is consistent with the transportation and land use goals in the City's 2011 Comprehensive Plan as determined by the Wasilla Planning Commission in the April 2015 Resolution Serial No. 15-05 attached.

This project is currently listed in the Statewide Transportation Improvement Program for construction in fiscal year 2019. This project is urgently needed and the City is requesting the Department of Transportation make every effort to advance the project as soon as possible and target fiscal year 2018 for construction. Transportation is a major issue in the Mat-Su Valley and the City of Wasilla finds itself at the center of much of the needed transportation improvements. This project is a key element in improving the transportation network for the valley.

Sincerely,

Mayor Bert L. Cottle

RESOLUTION SERIAL NO. 15-05**

**A RESOLUTION OF THE WASILLA PLANNING COMMISSION SUPPORTING A 45 MILE PER HOUR URBAN DESIGN SECTION WITHIN THE CITY OF WASILLA FOR THE KNIK-GOOSE BAY ROAD RECONSTRUCTION PROJECT.**

WHEREAS, the Alaska Department of Transportation is currently planning for the reconstruction of Knik-Goose Bay Road to a divided four-lane arterial road; and

WHEREAS, the Alaska Department of Transportation is proposing a 45 mile per hour urban design section within the city limits to address the City's concerns with finding a balance between traffic mobility and access for residents and businesses along the road; and

WHEREAS, the Wasilla Planning Commission finds that the proposed 45 mile per hour urban design concept is consistent with the City's Comprehensive Plan.

NOW, THEREFORE, BE IT RESOLVED, that the Wasilla Planning Commission hereby supports the proposed 45 mile per hour urban design section within the city limits for the divided four-lane reconstruction of Knik-Goose Bay Road as depicted by the Alaska Department of Transportation in their January 28, 2015 preferred alternative drawings and attached to this resolution as Exhibit A.

APPROVED by the Wasilla Planning Commission on April 14, 2015.
