

Parks Highway MP 99-163 Drainage & Culvert Improvements

PROJECT OVERVIEW

The Alaska Department of Transportation and Public Facilities, in partnership with the Federal Highway Administration (FHWA), is undertaking a project to enhance culverts and drainage infrastructure along the Parks Highway corridor from Milepost 99 to 163.

Thursday, April 11, 2024, from 5:00 p.m. to 7:30 p.m.

Trapper Creek Community Center, 9971 E. TC Park Circle

MORE INFORMATION

Proposed Work

- Drainage improvements
- Culvert maintenance, replacement, and new installations
- Ditch grading
- Digouts and associated resurfacing
- Guardrail
- Signage
- Utility relocations
- Clearing and grubbing

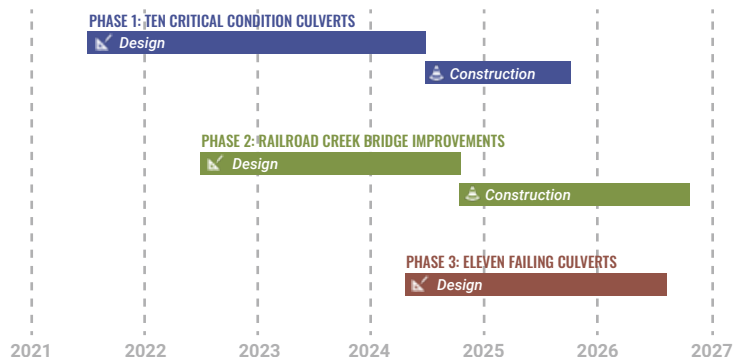

Project Phasing

The project is being developed in phases for design and construction.

- Phase 1 will replace 10 culverts in critical condition.
- Phase 2 will replace the 144-inch culvert at Railroad Creek (MP 128.5) with a bridge.
- Phase 3 will replace 11 failing culverts, 3 of which may require bridge crossings.
- Future project phases will address the remaining culverts that are in poor condition.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by DOT&PF pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated November 3, 2017, and executed by FHWA and DOT&PF.
